Equipment and employees

Modern equipment from world's leading companies

**and our well-educated personnel
guarantee high performance
and
better quality of our products**

Modern, stylish clothing

The application of innovative technology from Germany, Italy, France, China and Turkey enables to achieve efficiency in production processes and to produce a modern, stylish clothing for diverse target groups

Your advantages with IDEAL

- 1** Modern equipment from global leaders guarantees high production quality
- 2** Inexpensive manpower, know-how, core competencies, good infrastructure, attractive geographical position and local resources enable us to offer a competitive pricing not only for the local market, but also for export markets in Europe
- 3** Significant support of textile industry by Uzbek government (0% import VAT and no customs duties for fabric and textile machines)
- 4** Representative office in South Germany. Close to European customers and responsibility for Key Account Management. Single point of contact
- 5** IDEAL's new location can relieve Your overloaded capacities
- 6** Uzbekistan has signed the "Free Trade Zone" agreement, which allows to deliver our goods within the CIS region with no customs duties, therefore also direct and cheap access to the main market as Russia

IDEAL sites

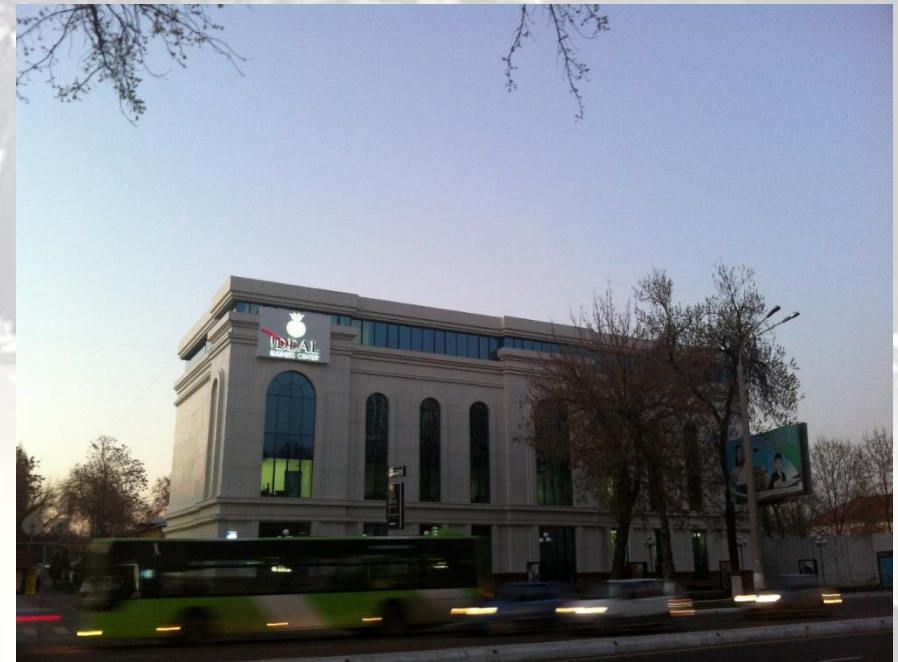

We have our own design and development center, adjusted distribution networking in regions.
10 shops in Tashkent, more than 20 in regions.

In 2017 we opened our first business-center IDEAL in the capital of Uzbekistan including offices, development department, show-rooms and shops.
