~~IDEAL~~  
Your life style

“ Perfectly selected  
fashion that opens  
up new business  
opportunities ”

**G**reetings. We have come a long way from small and big entrepreneurship, in which we came across with ups and down. Our first steps were in far in 1996.

However, the experience gained during this time is invaluable. In 2001, "IDEAL" brand was patented, and in 2006 "Zamin Turkiston" LLC was surely established. As IDEAL Garments is surely one of the biggest companies in the textile business.

We do not want to stop here. We continue to follow the market trends and constantly form our own, pay attention to quality control of our product, to create new premium class of our business services and goods, fulfilling ideas for businesses.

We establish new international relations, allowing partners from the CIS and European countries to effectively interact and feel secure and confident working with us in the future. IDEAL Group is always open for close cooperation and new interesting offers. We are grateful to all those who support us on the path, those who believe in us. We thank our partners, our old and new friends, and wish you all success and prosperity!

## Made to measure

**You will never have the second chance for the first impression**

In our work we have orientated to the individuality of the client. Our tailors create unique registered patterns taking into account all features of figures and fashionable trends. During the development we listen up the client's desire. We are grateful that this cloth does not have analogues. Elegancy is appeared in light and soft tissue: sophistication - in color and pattern; sophistication in cut and superior product handling. In our work we use luxurious natural fabrics from leading manufacturers in Italy, Turkey and China. Using only exclusive materials that combine the versatility of solutions, comfort, crush resistance, and elegant external appearance. Whilst ordering a costume from us, you can be sure that your costume will be tailored specifically for you, taking into account all your wishes, and it will exactly match your figure and, most importantly, your character.

## Portfolio

Long years of working with foreign clients and partners allowed us to settle and systematize the entire process of business interaction over long distances. The company has regional representatives in large cities of Russia, Kazakhstan and other CIS countries and Europe, which helps speed up the process of concluding contracts and promptly resolve current issues. Attractive prices for partners from other CIS countries and Europe are provided due to the absence of customs duties on the import of finished products in these countries, as well as due to the developed internal infrastructure of the IDEAL factory, which allows localizing the entire production process.
